Hystax Inc. ('Hystax').

End User Software License Agreement ('EULA').

This EULA is a legally binding agreement between licensee end user ("End User") and Hystax setting forth the terms and conditions governing the use and operation of Hystax's proprietary computer software products (the "Software") and the written technical specifications for the use and operation of the Software (the "Documentation"). Where the sense and context permit, references in this EULA to the Software include the Documentation. By downloading and installing, copying or otherwise using the Software, and/or otherwise accepting this EULA, End User agrees to be bound by the terms and conditions of this EULA. If End User does not agree to or accept the terms of this EULA, End User may not access or use the Software.

### 1.0. Definitions

1.1 "Fee(s)" means any License, Maintenance, professional services, consulting or other Fees agreed to by the parties as set forth in a Transaction Document.

A Transaction may take place by any lawful means, electronically or in writing, and may be confirmed by a) purchase orders, credit orders, commitment letters, license keys, amendments to this EULA or other similar materials, signed or unsigned, (each a "Transaction Document(s)"), or b) by the conduct of the affected parties. A Transaction may be initiated and implemented by any entity that is directly or indirectly a party to it, including End User, Hystax, or authorized third party distributors, dealers, and/or other resellers of the Software. A Transaction Document may contain usage, business, legal and other terms and conditions agreed to by the parties. The foregoing notwithstanding, each Transaction will require that: i) this EULA be accepted by End User and ii) End User obtains actual or constructive possession of the Software. In the event of a conflict or inconsistency between the terms and conditions of this EULA and those set forth in a Transaction Document, the terms and conditions of the Transaction Document will govern and control.

1.4 "Open Source" means various open source software components licensed under the terms of applicable open source license agreements included in the materials relating to such software. Open Source Software is composed of individual software components, each of which has its own copyright and its own applicable license conditions.

When the Software is delivered to End User as part of a Transaction, End User will have, subject to the terms and conditions of this EULA, a perpetual, non-transferable, non-exclusive, license ("License"), to use the Software in object code format, solely for End User's internal business purposes for the management and processing of its own data and not the data of any third party(ies). Hystax Software License is perpetual, unless the Software is delivered to End User as part of a Transaction on a non-perpetual basis for a defined period, in such case, the End User's right to use such Software will cease on the end date of the defined period.

### 3.0. Additional Terms

Nothing contained in this EULA is intended to prohibit or restrict the parties from mutually agreeing to enter into separate terms and conditions that i) modify or supplement the terms and conditions (including business and/or financial terms) of this EULA or the License granted to End User pursuant to this EULA; or ii) create or modify the terms a particular Transaction.

Hystax warrants that the Software, in its unmodified form as initially delivered or made available to End User, will perform substantially in accordance with the Documentation for a warranty period of ninety (90) days from the date the Software is delivered to End User. In the event the Software fails in a material respect to operate in accordance with the Documentation during the warranty period and Hystax is unable to correct the defect, Hystax's sole and exclusive liability and End User's sole and exclusive remedy shall be a refund of the License fee, if any, paid by End User for the Software. In the event a reported problem with the Software is End User's fault, End User agrees to reimburse Hystax for its correction efforts in accordance with its then standard rates. The foregoing limited

warranty will not apply if failure of the Software is the result of damage or misuse caused by End User.

The Warranty and the End User License shall be governed by the laws of State of California, without regard to conflicts of laws principles. You hereby consent to the exclusive jurisdiction of the state and federal courts in State of California to resolve any disputes arising under this Agreement.

#### 13.0. General

This Agreement sets forth Hystax's entire obligation and End User's exclusive rights with respect to the Software and, except to the extent otherwise specifically provided in a purchase order or other written communication or advertising signed or jointly issued by both parties with respect to the Software, supersedes any conflicting terms of any purchase order and any other communication or advertising with respect to the Software. No failure of either party to exercise or enforce any of its rights under this EULA will act as a waiver of those rights. If any provision of this EULA is found illegal or unenforceable, it will be enforced to the maximum extent permissible, and the legality and enforceability of the other provisions of this EULA will not be affected.
